RE: Request for variance of daily cover requirements for our landfills.

Dear Mr. Downs:

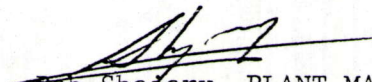

Georgia-Pacific Corp hauls approximately 6 truck loads of gypsum related products only per week to their land fills in both dump-sites. The composition of this waste is similar to gypsum rock which was extracted from the same general area. Sometimes we don't haul any for weeks, even months to our wallboard dump-site. We feel daily cover is impractical for the two dump sites in question and we request a variance to avoid daily cover.

If you have questions concerning the two dump-sites, please call Bob Shajary at 801-896-5406.

Thank you.

Sincerely,

GEORGIA-PACIFIC CORP.

  
Bob Shajary, PLANT MANAGER
